

Worksheet

Writing task

1. Make a leaflet for your school campaign for healthy eating.
2. In your leaflet, answer the following question:
“What are some ways to encourage children to have healthy eating habits?”
3. Read the following tips:
 - a. Add three columns.
 - b. Write a headline.
 - c. Write three short paragraphs.
 - d. Write about 40 words for each paragraph.
 - e. Write a subheading for each paragraph.
 - f. Use bullet points to give details.
 - g. Add an image.
4. Use some of the vocabulary and modal verbs you learned in this unit to write your leaflet.
5. If you want, you may use some of the following ideas and vocabulary for your leaflet:
 - School canteens must sell healthy snacks to students.
 - Teachers can invite experts to give talks about healthy eating.
 - Teachers should ask students to do projects on healthy eating.
 - A school subject, such as Home Economics, must teach children good eating habits.
 - Parents must keep unhealthy food out of their home.
 - Parents should prepare home-cooked meals.
 - Parents should give children healthy snacks, such as apples, to bring to school.
 - Parents must be a role model for their children by eating healthy snacks themselves.
6. Start each paragraph with the main idea (topic sentence), explain it and then give an example.

How to create columns in a Word document

1. Select the **Layout** tab, then click the **Columns** button. A drop-down menu will appear.
2. Select the number of columns you want to create.
3. The text will format into columns.
