

Exercise 10

CLASS SURVEY

A. Survey

Interview your classmates and complete the following chart.
Then do the exercises on the following pages. If you have a large class,
break into two or three smaller groups. You may wish to write the
questions on a separate piece of paper before you begin your survey.

Name of Student						
Arrived at School						
Number of Siblings						
Length of Time in City						
Number of Languages						
Distance from School						
Shoe Size						
Number of Instruments Played						
Number of Sports Played						
Height
