### Sextortion: Be careful when flirting in front of a webcam!

If strangers start flirting with you on Facebook, WhatsApp, etc., or your partner wants to change to Skype?

**NO** Be cautious and continue to check your privacy settings regularly.

**YES** Check if you covered up your webcam (E.g. with a sticker!).

**Attention:** This is probably a trap!

Has someone asked you to perform sexual acts or to send a nude picture?

**NO** Nevertheless, the situation is very suspicious. Still be careful!

**YES** End the contact immediately!

Does your partner switch on the webcam immediately and get straight to the point?

**NO** Be cautious and continue to check your privacy settings regularly.

**YES** This is how you can limit the damage:

Has someone threatened to publish images of you, if you don't pay money or send more images?

**NO** That was a close shave! Remember: If someone "gets down to business" very quickly, you can be pretty sure that's a bit fishy.

**YES** Don't transfer money! Often the blackmail will continue after the first payment!

In case photos/videos of you appear on the internet: Ask the website operators to take them down. If this is not possible contact your SIC helpline.
