

E' Class Project – UNIT 5 – ENVIRONMENT

Read the following tasks. Choose 1 to do on your own and 1 to do with a friend. Διαβάστε τις παρακάτω δραστηριότητες. Διαλέξτε 1 να κάνετε μόνοι/μόνες σας και 1 με έναν φίλο σας/μία φίλη ή γκρουπ.

<p>1. DREAM CITY Write a short story about your dream city. What will it look like? What will the people do in the future cities? Will they protect the environment and all the animals as well? You can draw a picture of it.</p>	<p>2. FUTURE CITIES Write a short story about future cities. What will they look like? What will the people do in 2050? What will the people look like? What about nature-trees, flowers, the sea, water, land... Make a presentation, poster.</p>	<p>3. TRASH CITY Write a short story/comic about a "Trash City". Create your own plot (πλοκή), characters, pictures, etc. What are the people doing in this city? Do they realise the problems they cause? How are they going to clean the city? You can draw a picture of it(for the story).</p>
<p>4. ACROSTIC POEM Write an acrostic poem about the environment. Take one word having to do with the environment, e.g. DEFORESTATION, and write one phrase with the initial letter of the word. Just make sure it's all connected. Make a nice drawing to go with it.</p>	<p>5. PROJECT In small groups choose one of the environmental problems in our world- may it be about the Earth, fires, floods, animals in danger, forests, energy, water, seas, etc. Write it clearly, draw or find pictures to show this problem and possible solutions to the problem as well. Make a presentation using your pc or make a poster.</p>	<p>6. PROJECT In small groups decide on 2 or 3 activities you can do to inform pupils in other schools around the world about environmental problems in our city/country. Decide on the issues and write them down clearly. Choose possible and achievable solutions to the problems. Decide on how you are going to make the presentation, e.g. use the pc, make a poster, a leaflet, a short video or drawings).</p>
