

INTERNET SAFETY

Group 1: Vasiliki, Elias, Jim,
George, Kostas, Jamila

One day Antonis and Maria were talking at the park...

*Antonis:*Hi Maria.I made a friend today on a platform. My friend's name is George. He is very kind. I know that he lives in Thessaloniki and that he is 12 years old. Would you like to give him your name and age?

*Maria:*Yes, I would!That's a perfect idea.

Maria goes back home and gets her phone....

*George:*Hi, Maria! I am George. Your friend Antonis introduced me to you yesterday.Do you want to meet me in real life ?

*Maria:*Yes,where do you want us to meet?

*George:*Ypodromiu 11, at 6:00 o'clock tomorrow.

Maria: Ok, it's all sorted.

Maria was ready to leave the house and meet George but...

Mum: Maria, where are you going?

Maria: I'm going to meet a friend that I met online.

Mum: Maria, you shouldn't trust people online. This guy could be dangerous because you haven't met him in real life. He could have your personal information. You should never do this again. If somebody approaches you online, you should block him/her and speak to an adult.

Maria told this to her friend...

Maria: You must be careful on the internet and be careful who you talk to.

Antonis: Why?

Maria: Because the guy that was supposed to be your friend was actually dangerous. See, you shouldn't trust anyone online.
