

## Sharing song

-Hey, won't you pass me your bouncy ball?

-No, it's mine, I'm playing with the wall

-Wanna play catch or basketball?

-Can't you see I'm playing with the wall

-Can I please borrow your yellow pen?

-I'm drawing the sun, so, no, you can't

-I wanna draw a lemon so just say when

-I'm not done yet, so, no, again

Maybe if we share we can double the fun

Maybe if we share there'll be mind as one

Share, be fair, put a team together

We can be best friends forever

Roll up, roll up

Be a role model

Life feels better out of your bubble

Pass it on tell all your friends

Be kind and smart and start by sharing

-Can I please have a go on the swing?

-No

-Oh, don't be so mean, you're not the swing king

-I won't give it up for anything

-Go and let me push you up high to the sky

-That sounds cool, I'll give it a try

-Taking turns is way more fun

-I agree, come on, jump on

Maybe if we share...

-Wow, I'm loving your red guitar

-Watch me rock just like a superstar

-You've got great riffs and you're gonna go far

-Let's work together you can be my manager

Maybe if we share...

**If we share**

**We show we care**

**It's only fair**

**To share**
